- Agile
- Clean code

### ABOUT ME

As a junior in the field of backend developing, I'm deeply enthusiastic about my journey and determined to create a meaningful impact. I'm motivated to learn, grow, and embrace new opportunities to establish a solid foundation in programming. During my leisure time, I am passionate about powerlifting.

### EXPERIENCE

Junior Backend Developer (remote) 06.2023 - 10.2023

LLC "KlinparkRent" Brest, Belarus

- Assisted senior developers in building web application using Java 11, PostgreSQL 14 and Spring Boot 2.6.
- Actively participated in daily stand-up meetings, making substantial contributions to project success.
- Conducted testing for my contributions.

### PROJECTS

#### BeHealthy

This project based on a microservice architecture.

"BeHealthy" can help with daily calorie counting, tracking body condition, home/gym workout generation. A telegram bot was used as the frontend interface.

#### Github page.
